ABOUT

After releasing the EP "Here" in 2013,
KOBE, consisting of

Bain Chompoowong (Lead vocal, Guitars),
Tawan Chiraseepanya (Bass, vocal) and
Ayu Charuburana (Drums, vocal)

have grown their reputation among non-mainstream audiences. Following up in 2015, KOBE's main focus is to produce their debut album, which contains more richly detailed music, gained from a hands-on approach to all aspects of the production, and especially from the live performances for which KOBE are well-known and which have drawn ever more supporters.

After more than 10 years together, knowing each other since high school, with music as the fundamental bond of their brotherhood and friendship, their highest hope is that the audiences' lives will be inspired and encouraged, as their motto reminds,

"If you're not okay... Just think of KOBE".

TIMELINE

2009 - 2011 performed as house band at Common Ground Music Bar, Bangkok and created "Voir Tour", a self established tour that took place in Chiang Mai, Mae Hongsorn, and Bangkok.

2011 - 2012 established another tour called Voir Tour II: "Come With Us". This time the tour took place only in Chiang Mai and was artfully captured in sound and video, and later released on YouTube (www.youtube.com/kobethailand) and Vimeo (<https://vimeo.com/kobethailand>). KOBE have been writing original songs, performing them at venues and events, and also recording them into demos.

At the end of 2011 the band was approached by Studio28 to produce and distribute KOBE's first EP, "Here".

2013 KOBE launched their EP album "Here", along with their MV for "The Ballad of a Man and his Sorrow" and "ความทรงจำที่ถูกทิ้ง (Left Behind Memory)". Both top charted on indie music blogs and radio.

In 2013 - 2014 KOBE participated in many music events including "DOOD x Rehab Vol: 1", "Tiger Translate presents Godung Music Club 7", "Fat Festival", "Cat Festival", "Cheeze x Looker Car Boot Sale" etc.

Established "KOBE : Voir Tour 3", the third edition of the self organized tour, which was held at three venues; one in Bangkok and two in Chiang Mai, and was very successful in terms of selling CDs and merchandise, and getting exposure.

TIMELINE

2014 KOBE's third single, "By My Side" Lyric Video was released to a great reception, getting air-play and top charting on Thai indie radio, and bringing media coverage including television, radio and magazine interviews.

2015 KOBE is in the process of completing their debut album and looking forward to touring outside of Thailand.

VOIRTOUR

Voir Tour - An idea parodying the phrase "World Tour," in which the pronunciation of "World" sounds similar to the word for "Cow" in Thai, and connects with the band's name "KOBE".

The band established the tour with the purpose of satisfying their thirst for performance, interacting with people, building a fan base, and honing their musicianship. With those intentions in mind, Voir Tour has been well received.

KOBE has completed 3 successful incarnations of Voir Tour, with each tour having its own unique concepts, shows, venues, and recording of the sound and images of the performances, which can be seen on YouTube,
